

Ballistic T-shirt

Ballistic Body Protection In Full Comfort

This concealable ballistic T-Shirt offers unique ballistic protection.

Designed for every day use and wearable directly on body skin.

Ideal for body guards, public events, security escorts, special task force and VIPs in need for a more casual look.

The ballistic T-Shirt is made from elastic and special materials with zippers on both sides; it is comfortable to wear and easy to put on and take off. Ballistic inserts can be placed in front and back pockets.

This Ballistic T-Shirt is supplied to the Czech Army and NATO member countries under reference number: NATO stock No. NSN8470160074397

Specifications :

- Inner parts made of functional materials (Advansa Coolmax All season).
- Functional materials contain silver and carbon fibres which are antibacterial and eliminate electrostatic discharge.
- Fibres come in a combined structure (profile fibre with a cavity inside) and provide the following characteristics:
 - i) Perspiration is transported from the body to the larger surface of the T-Shirt to ensure faster drying of the knit.
 - ii) Improved thermal insulation (cooler feeling during the hot season, warmer feeling during the cold season).
- Functional material ensures a comfortable wear.
- Large coverage area and reliable overlap on sides.
- Multilayer design ensures ballistic inserts remain highly stable even when moving around a lot.
- The multilayer design is a highly-elastic cover coating, highly absorptive with a sweat drainage system.
- Removable inserts reduce body temperature.
- Tested by the Czech Army for a long time.
- Highly flexible inserts with a thickness of 3mm for Level II.A protection.
- Strong, precise and stable clamping in-line with body parameters.
- Combined weight of T-Shirt and ballistic inserts under 1.6kg

| Level | Calibre | Weapon | Bullet weight | Bullet Velocity (V _{2.25}) ± 9.14 m/s | Distance | Max. depth (mm) |
|-------|----------|--------------------------|--------------------|---|----------|-----------------|
| I | .22LR | LRN, Remington | 2.6 g (40 grain) | 329 | 5 m | 44 |
| | .380 ACP | FMJ RN, Remington R380AP | 6.2 g (95 grain) | 322 | 5 m | 44 |
| IIA | 9mm | FMJ RN, Remington R9MM2 | 8.0 g (124 grain) | 341 | 5 m | 44 |
| | 40 S&W | FMJ, Winchester B40TC180 | 11.7 g (180 grain) | 322 | 5 m | 44 |
| II | 9mm | FMJ N, Remington R9MM2 | 8.0 g (124 grain) | 367 | 5 m | 44 |
| | .357 Mag | JSP, Remington R335M3 | 10.2 g (158 grain) | 436 | 5 m | 44 |
| IIIA | 9mm | FMJ RN, Remington R9MM2 | 8.0 g (124 grain) | 436 | 5 m | 44 |
| | .44 Mag | SJHP Remington R44MG3 | 15.6 g (240 grain) | 436 | 5 m | 44 |
